

The latest addition to the fleet, the Corsair is a new class of product in terms of operation, performance and style. The saddle-style door glides on a vinyl rail and heavy-duty stainless steel rollers. This door is customizable for new construction or replacement use in two, three and four panel configurations to eight feet high. The Corsair delivers performance with its 1 1/8" IG capacity, a DP50 class rating and impact capability. The Corsair door by VEKA features our exclusive, patent pending technology, FeneXseal™ to ensure proper installation and defend against water penetration.

BASELINE PERFORMANCE

Thermal Insulation

Glass	Uc Value	R Value
Clear	0.47	2.12
LoE/Argon	0.30	3.33
Dual LoE/Argon	0.23	4.35

Structural Performance

Air Infiltration @ 25mph	0.11 cfm/ft ²
Water Penetration	7.50 psf
Uniform Loads	+/- 75.00 psf

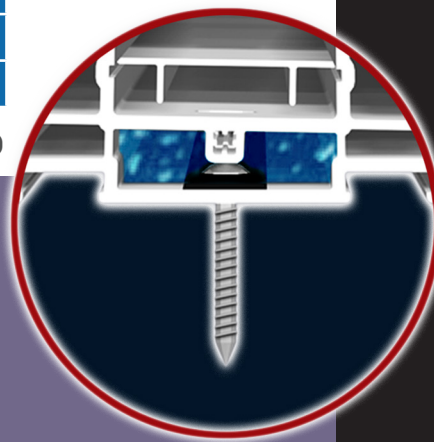

AAMA RATING: LG-PG50 - 96x96 SGD

Standard Features

- Multi-point locking hardware
- Welded sash
- Mechanical frame
- Colors: White, Beige
- Internal weep system
- Mild steel adjustable tandem rollers, lock & striker
- Keyed lock cylinder
- XO, OX, OXO, OXXO
- Aluminum reinforcing
- White/beige hardware finish
- Accommodates 1-3/8" glazing
- Dual seal weatherstripping
- Exterior glazed
- Integral screen track
- Aluminum threshold cover
- Flexible PVC bumpers
- AAMA approved PVC lineal certification
- NFRC simulations

Optional Features

- Various glass aesthetics as per distributor
- Sliding screens available as per distributor

Featuring
FENE X SEAL
COEXTRUDED SEALING TECHNOLOGY
